

Brand Story.

What is **'EVERYTOKTOK'**?

'EVERYTOKTOK' means **'Tap ('TokTok') Everyday'**.

In hair loss & scalp care, it is important to provide such care regularly as daily routine.

For continuous care, the product should be reliable and easy-to-use.

EVERYTOKTOK started with hair tonics for brand-new hair loss & scalp care. We have made continued efforts to develop more convenient and effective products by solving the problems of conventional products.

We target to evolve into a trustworthy total beauty care company through continued R&Ds.

"Applying new technology to the skin"

Natural functional beauty care cosmetics
